3 The Secretary of Defense shall implement the criteria
4 in the following chart issued by the Office of Management
5 and Budget in 2010:

 \times

Item	Definition of Criteria
Geographic area covered/"Theater of operations" (for non-classified war/overseas contingency operations funding)	Geographic areas in which combat or direct combat support operations occur: Iraq, Afghanistan, Pakistan, Kazakhstan, Tajikistan, Kyrhyzstan, the Horn of Africa, Persian Gulf and Gulf nations, Arabian Sea, the Indian Ocean, the Philippines, and other countries on a case-by-case basis. Note: OCO budget items must also meet the criteria below
Inclusions	
Major Equipment (General)	Replacement of loses that have occurred but only for items not already programmed for replacement in the Future Years Defense Plan (FYDP) –no accelerations. Accelerations can be made in the base budget. Replacement or repair to original capability (to upgraded capability if that is
	currently available) of equipment returning from theater. The replacement may be a similar end item if the original item is no longer in production. Incremental cost of non-war related upgrades, if made, should be included in the base.
	Purchase of specialized, theater-specific equipment,
	Funding must be obligated within 12 months.
Ground equipment replacement	Combat losses and washouts (returning equipment that is not economical to repair): replacement of equipment given to coalition partners, if consistent with approved policy; in-theater stocks above customary equipping levels on a case-by-case basis.
Equipment modifications (enhancements)	Operationally-required modifications to equipment used in theater or in direct support of combat operations, for which funding can be obligated in 12 months, and that is not already programmed in FYDP.
Munitions	Replenishment of munitions expended in combat operations in theater. Training ammunition for theater-unique training events is allowed. Forecasted expenditures are not allowed. Case-by-case assessment for munitions where existing stocks are insufficient to sustain theater combat operations.
Aircraft Replacement	Combat losses. Defined as losses by accident or by enemy action that occur in the theater of operations.
Military Construction	Facilities and infrastructure in the theater of operations in direct support of combat operations. The level of construction should be the minimum to meet operational requirements. At non-enduring locations, facilities and infrastructure for temporary use are covered. At enduring locations, facilities and infrastructure for temporary use are covered. At enduring locations, construction requirements must be tied to surge operations or major changes in operational requirements and will be considered on a case-by-case basis.
Research and Development	Projects for combat operations in these specific theaters that can be delivered in 12 months.

.

Item	Definition of Criteria
Operations	Direct War costs:
	• Transport of personnel, equipment, and supplies to, from and within the theat
	of operations;
	• Deployment-specific training and preparation for unites and personnel (milit
	and civilian) to assume their directed missions as defined in the orders for
	deployment into the theater of operations;
	Within the theater, the incremental costs above the funding programmed in the ba
	budget to:
	• Support commanders in the conduct of their directed missions (to include
	Emergency Response Programs);
	• Build and maintain temporary facilities;
	• Provide food, fuel, supplies, contracted services and other support; and,
	• Cover the operational costs of coalition partners supporting US military
	missions, as mutually agreed.
	Indirect War Costs: Indirect war costs incurred outside the theater of operations w
	be evaluated on a case-by-case basis.
Health	Short-term care directly related to combat. Infrastructure that is only to be used
	during the current conflict.
Personnel (Incremental Pay)	Incremental special pays and allowances for Service members and civilians deplo
	to a combat zone; incremental pay, special pays and allowances for Reserve
	Component personnel mobilized to support war missions.
Special Operations Command	Operations and equipment that meet the criteria in this guidance.
Prepositioned Supplies and Equipment	Resetting in-theater stocks of supplies and equipment to pre-war levels- Exclude
	costs for reconfiguring prepositioned sets or for maintaining them.
Security Force Funding	Training, equipping, and sustaining Iraqi and Afghan military and police forces.
Fuel	War fuel costs, and funding to ensure that logistical support to combat operations
	not degraded due to cash losses in DoD's baseline fuel program, Would fund enou
	of any base fuel shortfall attributable to fuel price increases to maintain sufficient
	hand cash for the Defense Working Capital Funds to cover seven days disburseme
	(This would enable the Fund to partially cover losses attributable to fuel cost
	increases.)
Exclusions from war/overseas	
contingency funding- Appropriately	
funded in the base budget	
Training equipment	Training vehicles, aircraft, ammunition, and simulators. Exception: training base
	stocks of specialized, theater-specific equipment that is required to support comba operations in the theater of operations, and support to deployment-specific training
