AMENDMENT TO
RULES COMMITTEE PRINT 118–10
OFFERED BY MS. SLOTKIN OF MICHIGAN

At the end of subtitle C of title XVIII, add the following:

SEC. 1859. PROGRAM TO REDUCE EUROPEAN RELIANCE ON RUSSIAN ENERGY.

(a) Establishment.—The Secretary of Energy shall establish and carry out a program to reduce the reliance of allied European countries on natural gas, petroleum, and nuclear fuel produced in Russia by—

(1) developing, producing, or procuring resources, materials, or equipment that can reduce an allied European country’s reliance on natural gas, petroleum, or nuclear fuel produced in Russia;

(2) providing to an allied European country, under such terms and conditions as the Secretary of Energy determines appropriate, resources, materials, or equipment that can reduce the allied European country’s reliance on natural gas, petroleum, or nuclear fuel produced in Russia;

(3) issuing grants, loans, or loan guarantees to carry out projects that can reduce an allied Euro-
pean country’s reliance on natural gas, petroleum, or nuclear fuel produced in Russia; and

(4) providing technical assistance to an allied European country, as the Secretary of Energy determines necessary to reduce the allied European country’s reliance on natural gas, petroleum, or nuclear fuel produced in Russia.

(b) PARTNERSHIPS.—The Secretary of Energy may partner with other Federal agencies to carry out the program established under subsection (a).

(c) AUTHORITY TO ENTER INTO AGREEMENTS.—In carrying out the program established under subsection (a), the Secretary of Energy may enter into one or more agreements directly with allied European countries and third parties under such terms and conditions as the Secretary determines appropriate.

(d) DOMESTIC SOURCING CONSIDERATIONS.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary of Energy may only carry out an activity described in paragraph (1), (2), or (3) of subsection (a) if—

(A) such activity promotes manufacturing in the United States; or
(B) such activity relies on resources, materials, or equipment that are developed or produced in the United States.

(2) EXCEPTION.—Paragraph (1) of this subsection shall not apply with respect to an activity described in paragraph (1), (2), or (3) of subsection (a) if the Secretary of Energy certifies that such an activity cannot reasonably satisfy subparagraph (A) or (B) of paragraph (1) of this subsection.

(e) REPORTS.—Not later than 90 days after the date of enactment of this section, and annually thereafter, the Secretary of Energy shall submit to the Committee on Energy and Commerce and the Committee on Foreign Affairs of the House of Representatives, and the Committee on Energy and Natural Resources and the Committee on Foreign Relations of the Senate, a report that—

(1) identifies any resources, materials, or equipment developed, produced, procured, or provided pursuant to the program established under subsection (a); and

(2) includes an analysis of how such program benefits domestic energy suppliers and manufacturers.

(f) DOMESTIC ENERGY SECURITY EVALUATION.—
(1) **REPORT ON DOMESTIC ENERGY SECURITY.**—Not later than one year after the date of enactment of this section, the Secretary of Energy shall develop and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Energy and Natural Resources of the Senate a report that evaluates the energy security of the United States, including—

(A) identification of any threats posed to the supply, transmission, distribution, or use of energy in the United States; and

(B) the potential impact of such threats on—

(i) the economy of the United States; and

(ii) consumers and well-functioning and competitive energy markets in the United States.

(2) **CONSULTATION.**—In developing the report under paragraph (1), the Secretary of Energy may consult with relevant Federal, State, private sector, and other entities, as the Secretary determines appropriate.

(g) **AUTHORIZATION OF APPROPRIATION.**—There is authorized to be appropriated to the Secretary of Energy
to carry out this section $1,500,000,000 for fiscal year 2024, to remain available until September 30, 2026.
