

**AMENDMENT TO H.R. 9027, AS REPORTED  
(AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG  
ADMINISTRATION APPROPRIATIONS BILL)**

**OFFERED BY MR. DAVID SCHWEIKERT OF ARIZONA**

**7. “2(f) Increases with Offsets:** Under clause 2(f) of rule XXI, a deficit neutral en bloc amendment may be offered that spans multiple accounts and sections. The amendment may propose numerous reductions and increases. The individual changes made by the amendment are ordered according to the page and line numbers of the affected provisions as they appear in the bill, and the amendment is offered at the time of reading of the first of these provisions. The amendment may not propose a new object of appropriation, change any other language in the appropriation bill, or achieve its reductions through a reachback section or formula. In most cases, it also may not use as an offset a reduction to an account that is subject to a Budget Act section 302(b) allocation different than that of the increased account. An estimate must be requested from CBO to ensure that the amendment does not result in an increase in outlays due to different account spendout rates.
