AMENDMENT TO
RULES COMMITTEE PRINT 116–45
OFFERED BY M__. ____________

Strike section 5 and insert the following:

SEC. 5. NATIONAL PRIMARY DRINKING WATER REGULATIONS FOR PFAS.

Section 1412(b) of the Safe Drinking Water Act (42 U.S.C. 300g–1(b)) is amended by adding at the end the following:

“(16) PERFLUOROALKYL AND POLYFLUOROALKYL SUBSTANCES.—

“(A) IN GENERAL.—Not later than 2 years after the date of enactment of this paragraph, the Administrator shall, after notice and opportunity for public comment, promulgate a national primary drinking water regulation in accordance with this subsection for perfluoroalkyl and polyfluoroalkyl substances, which shall, at a minimum, include standards for—

“(i) perfluorooctanoic acid (commonly referred to as ‘PFOA’); and

“(ii) perfluorooctane sulfonic acid (commonly referred to as ‘PFOS’).
“(B) ALTERNATIVE PROCEDURES.—

“(i) IN GENERAL.—Not later than 1 year after the validation by the Administrator of an equally effective quality control and testing procedure to ensure compliance with the national primary drinking water regulation promulgated under subparagraph (A) to measure the levels described in clause (ii) or other methods to detect and monitor perfluoroalkyl and polyfluoroalkyl substances in drinking water, the Administrator shall add the procedure or method as an alternative to the quality control and testing procedure described in such national primary drinking water regulation by publishing the procedure or method in the Federal Register in accordance with section 1401(1)(D).

“(ii) LEVELS DESCRIBED.—The levels referred to in clause (i) are—

“(I) the level of a perfluoroalkyl or polyfluoroalkyl substance;

“(II) the total levels of perfluoroalkyl and polyfluoroalkyl substances; and
“(III) the total levels of organic fluorine.

“(C) INCLUSIONS.—The Administrator may include a perfluoroalkyl or polyfluoroalkyl substance on—

“(i) the list of contaminants for consideration of regulation under paragraph (1)(B)(i), in accordance with such paragraph; and

“(ii) the list of unregulated contaminants to be monitored under section 1445(a)(2)(B)(i), in accordance with such section.

“(D) MONITORING.—When establishing monitoring requirements for public water systems as part of a national primary drinking water regulation under subparagraph (A) or subparagraph (F)(ii), the Administrator shall tailor the monitoring requirements for public water systems that do not detect or are reliably and consistently below the maximum contaminant level (as defined in section 1418(b)(2)(B)) for the perfluoroalkyl or polyfluoroalkyl substance subject to the national primary drinking water regulation.
“(E) **HEALTH RISK REDUCTION AND COST ANALYSIS.**—In meeting the requirements of paragraph (3)(C), the Administrator may rely on information available to the Administrator with respect to 1 or more specific perfluoroalkyl or polyfluoroalkyl substances to extrapolate reasonable conclusions regarding the health risks and effects of a class of perfluoroalkyl or polyfluoroalkyl substances of which the specific perfluoroalkyl or polyfluoroalkyl substances are a part.

“(F) **REGULATION OF ADDITIONAL SUBSTANCES.**—

“(i) **DETERMINATION.**—The Administrator shall make a determination under paragraph (1)(A), using the criteria described in clauses (i) through (iii) of that paragraph, whether to include a perfluoroalkyl or polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances in the national primary drinking water regulation under subparagraph (A) not later than 18 months after the later of—
“(I) the date on which the perfluoroalkyl or polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances is listed on the list of contaminants for consideration of regulation under paragraph (1)(B)(i); and

“(II) the date on which—

“(aa) the Administrator has received the results of monitoring under section 1445(a)(2)(B) for the perfluoroalkyl or polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances; or

“(bb) the Administrator has received reliable water data or water monitoring surveys for the perfluoroalkyl or polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances from a Federal or State agency that the Administrator determines to be of a quality sufficient to make a deter-
mination under paragraph (1)(A).

“(ii) **PRIMARY DRINKING WATER REGULATIONS.—**

“(I) **IN GENERAL.—**For each perfluoroalkyl or polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances that the Administrator determines to regulate under clause (i), the Administrator—

“(aa) not later than 18 months after the date on which the Administrator makes the determination, shall propose a national primary drinking water regulation for the perfluoroalkyl or polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances; and

“(bb) may publish the proposed national primary drinking water regulation described in item (aa) concurrently with the publication of the determination to regulate the perfluoroalkyl or
polyfluoroalkyl substance or class of perfluoroalkyl or polyfluoroalkyl substances.

“(II) DEADLINE.—

“(aa) IN GENERAL.—Not later than 1 year after the date on which the Administrator publishes a proposed national primary drinking water regulation under clause (i)(I) and subject to item (bb), the Administrator shall take final action on the proposed national primary drinking water regulation.

“(bb) EXTENSION.—The Administrator, on publication of notice in the Federal Register, may extend the deadline under item (aa) by not more than 6 months.”
