

At the end of the bill (before the short title), insert the following:

None of the funds made available by this Act may be used in contravention of section 506C(g) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356c(g)) with respect to the review of an application or supplement, or the inspection or reinspection of an establishment, that could help mitigate or prevent a shortage of a sterile injectable drug used in cancer treatment and listed as being in shortage by the Food and Drug Administration.
