6 MENT

7 SEC. 120001. SENSE OF CONGRESS REGARDING NEGATIVE
8 PERCEPTION OF PERSONS OF ASIAN ANCES-
9 TRY AND FEDERAL LAW ENFORCEMENT.

10 It is the sense of Congress that—

11 (1) there are notable instances where certain
12 Federal law enforcement officials and institutions
13 have contributed towards a negative growing percep-
14 tion that being of Asian ancestry or having ties to
15 China render an individual more suspect of espio-
16 nage and that such perceptions have created a cul-
17 ture of fear that has negatively impacted the Asian
18 immigrant and Asian American community;

1 (2) national policy should guard against un-
2 justly targeting scientists, academics, and institu-
3 tional faculty members on the basis of Chinese eth-
4 nicity or familial background, which risks irreparable
5 damage to careers, reputations, and lives, and erodes
6 the freedom of intellectual and academic exchange;

7 (3) the global competitiveness of the United
8 States, including with the People's Republic of
9 China, is harmed by hostility toward and unfair tar-
10 geting of Chinese and Chinese American scientists
11 and academics; and

12 (4) Congress rejects any dangerous attempts to
13 portray Chinese students, professors, and scholars
14 with more suspicion than non-Chinese academics.
