

**AMENDMENT TO RULES COMM. PRINT 116-19**  
**OFFERED BY MR. CRIST OF FLORIDA**

In section 2805(a), add after the period on page 990, line 12, the following: “To prepare the amendments required by this subsection, the Secretary of Defense shall take into account historical data, current conditions, and sea level rise projections. The Secretary may consult with the heads of other Federal departments and agencies with expertise regarding military installation resilience, energy resilience, energy and climate resiliency, and cyber resilience.”.
