TITLE XI—FINANCING FOR CERTAIN ENERGY-RELATED EXPORTS

SEC. 61101. FINANCING FOR CERTAIN ENERGY-RELATED EXPORTS.

Section 2(b)(1) of the Export-Import Bank Act of 1945 (12 U.S.C. 635(b)(1)) is amended by adding at the end the following:

“(N) The Bank shall make available, from the aggregate loan, guarantee, and insurance authority available to the Bank, an amount to finance exports directly regarding clean energy technology, energy infrastructure, and production of natural resources, which shall have the goal of being not less than 25 percent of the authorizations for each fiscal year. It shall be a goal of the Bank to maximize the amount financed in cases in which an international strategic competitor is likely competing against a United States exporter for a contract dealing with energy technology or natural resources, or in cases in which a United
States exporter is capable of fulfilling such a contract in a way that would produce lesser environmentally harmful emissions. The Bank shall report to Congress annually as to its progress in meeting these goals.”
