

**AMENDMENT TO
RULES COMMITTEE PRINT 117-31
OFFERED BY MR. GRAVES OF LOUISIANA**

Page 1384, line 23, insert the following:

“(B) China’s growth in emissions has been rapid and currently China emits more than all developed nations combined. According to Global Carbon Project, for every ton of carbon dioxide the United States has reduced since 2005, China has increased its carbon dioxide emissions over three tons.”
