Add at the end of subtitle C of title XVIII the following:

SEC. 1859. STRATEGY TO SECURE EMAIL.

(a) IN GENERAL.—Not later than December 31, 2024, the Secretary of Homeland Security shall develop and submit to Congress a strategy, including recommendations, to implement across all United States-based email providers Domain-based Message Authentication, Reporting, and Conformance standard at scale.

(b) ELEMENTS.—The strategy required under subsection (a) shall include the following:

(1) A recommendation for the minimum size threshold for United States-based email providers for applicability of Domain-based Message Authentication, Reporting, and Conformance.

(2) A description of the security and privacy benefits of implementing the Domain-based Message Authentication, Reporting, and Conformance standard at scale, including recommendations for national security exemptions, as appropriate, as well as the burdens of such implementation and an identifica-
tion of the entities on which such burdens would
most likely fall.

(3) An identification of key United States and
international stakeholders associated with such im-
plementation.

(4) An identification of any barriers to such im-
plementing, including a cost-benefit analysis where
feasible.

(5) An initial estimate of the total cost to the
Federal Government and implementing entities in
the private sector of such implementing, including
recommendations for defraying such costs, if appli-
cable.

(e) CONSULTATION.—In developing the strategies
and recommendations under subsection (a), the Secretary
of Homeland Security may, as appropriate, consult with
representatives from the information technology sector.

(d) DEFINITION.—In this section, the term “Domain-
based Message Authentication, Reporting, and Conform-
ance” means an email authentication, policy, and report-
ing protocol that verifies the authenticity of the sender of
an email and blocks and reports to the sender fraudulent
accounts.
