

**Amend Section 60026 of the bill by inserting at the end of the new section 112 of the National Environmental Policy Act of 1969 the following subsection:**

**“(c) PUBLIC PARTICIPATION REQUIREMENTS.—**

Nothing in this section shall be construed to limit or otherwise modify any public participation requirement under this Act or any other applicable provision of law.

A project for which a project sponsor pays a fee under this section shall remain subject to all public notice, comment, and community engagement provisions required under this Act, including those applicable to environmental assessments and environmental impact statements.”
