15 the United States—

16 (A) permitting, data reporting, and record-

16 (C) deliver supplies to fishing boats, which
17 allows fishing vessels to remain at sea for ex-
18 tended periods without coming into port.

19 **SEC. 3523. FINDINGS.**

20 Congress makes the following findings:

21 (1) In a report titled, “Global Implications of
22 Illegal, Unreported, and Unregulated (IUU) Fish-
23 ing”, the Office of the Director of National Intel-
24 ligence identified IUU fishing as—

1 (A) a threat to the national security of the
2 United States; and

3 (B) a challenge to peace and stability in
4 regions of importance to the United States.

5 (2) Executive Order 13773 (82 Fed. Reg.
6 10691), issued on February 9, 2017, calls for a
7 comprehensive approach by the Federal Government
8 to combat crime syndicates, including transnational
9 organized illegal activities that may be associated
10 with IUU fishing.

11 (3) It is estimated that the value of IUU fish-
12 ing may exceed \$1,000,000,000 annually in unlawful
13 or undocumented revenue and may sometimes be
14 linked to transnational organized illegal activities,
15 including weapons, drug, and human trafficking.

16 (4) IUU fishing—

17 (A) undermines the business of legitimate
18 workers in the seafood industry; and

19 (B) can create inaccurate population esti-
20 mates for fish and other seafood species.

21 (5) Marine fisheries employ millions of people
22 worldwide, the livelihoods of whom can be negatively
23 impacted by IUU fishing and associated
24 transnational organized illegal activities.

1 (6) IUU fishing vessels play a significant role
2 in other forms of trafficking, particularly drug traf-
3 ficking. The Department of Justice has documented
4 numerous cases of illicit fishing ships involved in
5 trafficking cocaine, heroin, and cannabis from South
6 America to the United States.

7 (7) By introducing cheaper, illegal products
8 into the global market, IUU fishing undercuts the
9 business and economic livelihoods of legitimate fish-
10 ermen in the United States and around the world.

11 (8) In the United States and around the world,
12 seafood fraud undermines the economic viability of
13 fisheries and deceives consumers about their pur-
14 chasing choices.

15 (9) Competition over seafood resources can lead
16 to heightened tensions, conflict, and geostrategic in-
17 stability in regions of importance to the United
18 States.

19 **SEC. 3524. PURPOSES.**

20 The purposes of this subtitle are—

21 (1) to support a whole-of-government approach
22 across the Federal Government to counter IUU fish-
23 ing and related threats to maritime security;

1 (2) to improve data sharing that enhances sur-
2 veillance, enforcement, and prosecution against IUU
3 fishing and related activities at a global level;

4 (3) to support coordination and collaboration to
5 counter IUU fishing and seafood fraud within pri-
6 ority regions;

7 (4) to increase and improve global transparency
8 and traceability across the seafood supply chain as—

9 (A) a deterrent to IUU fishing and seafood
10 fraud;

12 agement and food security; and

13 (C) an approach to enhancing the imple-
14 mentation of United States seafood traceability
15 programs;

16 (5) to improve global enforcement operations
17 against IUU fishing through a whole-of-government
18 approach by the United States; and

19 (6) to prevent the use of IUU fishing as a fi-
20 nancing source for transnational organized groups
21 that undermine United States and global security in-
22 terests.

23 **SEC. 3525. STATEMENT OF POLICY.**

24 It is the policy of the United States—

1 (1) to take action to curtail the global trade in
2 seafood and seafood products derived from IUU
3 fishing, including its links to forced labor and
4 transnational organized illegal activity;

5 (2) to develop holistic diplomatic, military, law
6 enforcement, economic, and capacity-building tools
7 to counter IUU fishing;

8 (3) to provide technical and other forms of as-
9 sistance to countries in priority regions and priority
10 flag states to combat IUU fishing and seafood fraud,
11 including assistance—

21 agement and trade;

22 (D) to enhance information sharing within
23 and across governments and multilateral orga-
24 nizations through the development and use of
25 agreed standards for information sharing; and

2 eries management regimes that promote legal
3 and safe fisheries and act as a deterrent to
4 IUU fishing;

5 (4) to promote global maritime security through
6 improved capacity and technological assistance to
7 support improved maritime domain awareness;

9 courage the use of high quality vessel tracking tech-
10 nologies;

11 (6) to engage with multilateral organizations
12 working on fisheries issues, including Regional Fish-
13 eries Management Organizations and the Food and
14 Agriculture Organization of the United Nations, to
15 combat and deter IUU fishing;

16 (7) to advance information sharing across gov-
17 ernments and multilateral organizations in areas
18 that cross multiple jurisdictions, through the devel-
19 opment and use of an agreed standard for informa-
20 tion sharing;

21 (8) to continue to use existing and future trade
22 agreements to combat IUU fishing and seafood
23 fraud;

24 (9) to employ appropriate assets and resources
25 of the United States Government in a coordinated

1 manner to disrupt the illicit networks involved in
2 IUU fishing;

3 (10) to continue to declassify and make avail-
4 able, as appropriate and practicable, technologies de-
5 veloped by the United States Government that can
6 be used to help counter IUU fishing;

7 (11) to recognize the ties of IUU fishing to
8 transnational organized illegal activity, including
9 human trafficking and illegal trade in narcotics and
10 arms, and as applicable, to focus on illicit activity in
11 a coordinated, cross-cutting manner;

12 (12) to recognize and respond to poor working
13 conditions, labor abuses, and other violent crimes in
14 the fishing industry;

15 (13) to increase and improve global trans-
16 parency and traceability along the seafood supply
17 chain as—

18 (A) a deterrent to IUU fishing and seafood
19 fraud; and

20 (B) an approach for strengthening fish-
21 eries management and food security; and

22 (14) to promote technological investment and
23 innovation to combat IUU fishing and seafood
24 fraud.
