10          technology, or know how used in Iranian drones or  
11          missiles provided to the Russian Federation, and a  
12          description of United States efforts, including  
13          through sanctions, export controls, and engagement  
14          with the private sector, to prevent Iran and the Rus-  
15          sian Federation from obtaining United States-origin  
16          goods, technology, or knowhow in violation of the No  
17          Technology for Terror Act (enacted as division N of  
18          Public Law 118–50).

19          (8) A strategy to mitigate and contain the im-  
20          pact of the defense relationship between Iran and  
21          the Russian Federation on the following:

22                 (A) The national security interests of the  
23                 United States.
