(A) OUTER PACKAGING.—In issuing regulations under subsection (a), the Administrator shall exempt the outer packaging of a combined product from the requirements of such regulations.

(B) PACKAGES LESS THAN 3 BY 3 INCHES.—In issuing regulations under subsection (a), the Administrator shall provide that, with respect to a covered product in packaging smaller than 3 inches by 3 inches (such as an individually packaged wipe in tear-top packaging) and sold as part of a combined product, if a symbol and label notice are placed in a prominent location reasonably visible to the user of the covered product, such covered product is considered to be labeled clearly and conspicuously in accordance with such regulations.

(e) REASONABLE VISIBILITY OF SYMBOL AND LABEL NOTICE.—
(1) IN GENERAL.—In requiring the symbol and label notice under this section, the Administrator shall require that—

shall submit for approval by the Administrator
a product label compliant with such instruc-

type size otherwise required by the regulations
issued under subsection (a) for a covered product
would conflict with a labeling requirement under the
Federal Insecticide, Fungicide, and Rodenticide Act
(7 U.S.C. 136 et seq.) or the Federal Hazardous
Substances Act (15 U.S.C. 1261 et seq.), the Ad-
ministrator may, in issuing such regulations, provide
for a label notice type size requirement for the cov-
ered product under this section that—

(A) in the case of a covered product re-
quired to display a warning pursuant to the
Federal Insecticide, Fungicide, and Rodenticide
Act regarding a pesticide in such covered prod-

than the type size required for the “keep out of
reach of children” statement under such Act;
and

(B) in the case of a covered product re-
quired to contain first aid instructions pursuant
to the Federal Hazardous Substances Act, re-
quires a type size for the label notice under this paragraph that is equal to or greater than the type size required for such first aid instructions.
