

AMENDMENT TO H.R. 9, AS REPORTED
OFFERED BY MRS. MILLER OF WEST VIRGINIA

Page 7, after line 5, insert the following:

1 (9) The Paris Agreement does not account for
2 the fact that the United States has an abundance of
3 natural resources and that the fossil fuels industry
4 employs hundreds of thousands of Americans who
5 are responsible for maintaining our Nation's diverse
6 energy mix. Withdrawal from the Paris Agreement
7 was necessary because the plan failed to recognize
8 that affordable, reliable energy, including coal, is
9 critical to the United States' economy and national
10 security. Even further, the Paris Agreement did not
11 acknowledge high efficiency, low emissions coal tech-
12 nologies exist today and are being cost-effectively de-
13 ployed around the globe as world energy demand
14 continues to grow.
