OFFERED BY MR. McHENRY OF NORTH CAROLINA AND MR. AUCHINCLOSS OF MASSACHUSETTS

In title LI of division E, after section 5105, insert the following:

SEC. 5106. WORKING DOG COMMEMORATIVE COIN.

(a) FINDINGS.—The Congress finds the following:

(1) Dogs going back thousands of years have been tied to humans whether protection, companionship, or assisting in daily activities.

(2) The United States had an unofficial canine military presence assisting soldiers in the Civil War and World War I, but military K–9s did not become officially recognized until March 13, 1942. During the height on the wars in Afghanistan and Iraq it is estimated that the United States military employed near 2,500 K–9s.

(3) Military K–9s have seen service in every major United States combat since World War I and have been praised by military leadership as an indis-
2

pensable asset for military, police, government, and
private security teams around the world.

(4) In 2000, Congress passed “Robby’s Law”
which allowed for the adoption of military K–9s by
law enforcement agencies, former handlers, and
other care groups.

(5) Since 2000, military K–9s have left service
and gone onto work explosive detection for police
forces, and work as service dogs for veterans and
families.

(6) Beyond their military working capacity,
working dogs provide enhanced mobility assist and
renewed independence for the injured and disabled.
Service dogs are able to support veterans struggling
after war, hear for those who are deaf, see for those
who are blind, and even sense changes in a person’s
body before a seizure. Working dogs play a vital role
in improving the lives of many.

(7) The service dog programs of America’s
VetDogs were created to provide enhanced mobility
and renewed independence to United States vet-
erans, active-duty service members, and first re-
sponders with disabilities.

(8) America’s VetDogs provides—
(A) guide dogs for individuals who are blind or have low vision;

(B) hearing dogs for those who have lost their hearing later in life by alerting to alarms, door bells, sirens, and more;

(C) service dogs for those with other physical disabilities that are specially trained to provide balance, retrieve dropped items, open and close doors, turn on and off lights, carry a backpack, and more.

(D) facility dogs which are specially trained to spend time working with wounded veterans recovering at military hospitals and veterans medical centers;

(E) dogs that work with physical and occupational therapists as they treat soldiers and become an essential part of the healing process; and

(F) PTSD service dogs that are trained to help mitigate the symptoms of PTSD by providing the emotional and physical support a veteran may need.
