AMENDMENT TO RULES COMMITTEE PRINT 116-54
OFFERED BY MR. PERLMUTTER OF COLORADO

Page 1691, after line 20, insert the following:

SEC. 40002. APPROPRIATIONS FOR SCIENCE CENTER CONSTRUCTION.

There are hereby appropriated, out of any money in the Treasury not otherwise appropriated, for “United States Geological Survey—Surveys, Investigations, and Research”, $166,800,000 to remain available until expended, to fund, through a cooperative agreement with an academic partner, the design, construction, and tenant build-out of a facility to support energy and minerals research and appurtenant associated structures: Provided, That once constructed, the United States Geological Survey will retain ownership of the facility and associated structures and is authorized to enter into agreements with, and to collect and spend funds or in-kind contributions from, academic, Federal, State, or other facility tenants on facility planning, design, maintenance, operation, or facility improvement costs during the life of the facility: Provided further, That the Director of the United States Geological Survey is authorized to enter into a lease or other
agreement with the academic partner, at no cost to the
United States, for that partner to provide land on which
to construct the facility for a minimum term of not less
than 99 years: Provided further, That the United States
Geological Survey shall submit annual reports on the
science center constructed and the authorities utilized
under this section to the appropriate congressional com-
mittees.
