

AMENDMENT TO RULES COMMITTEE PRINT 117-

54

OFFERED BY Ms. SÁNCHEZ OF CALIFORNIA

At the end of subtitle B of title III, insert the following:

1 **SEC. 3___. SENSE OF CONGRESS REGARDING CLIMATE**
2 **CHANGE.**

3 It is the sense of Congress that—

4 (1) climate change is a conflict multiplier with
5 extreme drought and other weather events leading to
6 increased resource conflict, forced migration, and
7 global insecurity;

8 (2) climate extremes are taking a toll on mili-
9 tary readiness and costing taxpayers with installa-
10 tions worldwide at risk as sea levels rise and hurri-
11 canes, flooding, extreme heat, and wildfires become
12 more severe;

13 (3) damage from climate-related issues impedes
14 training and responsiveness and diverts hundreds of
15 billions of dollars of valuable resources for response,
16 repair, and reconstruction;

1 (4) the dependence of the United States on fos-
2 sil fuel is enriching foreign leaders who seek to harm
3 the United States and its allies;

4 (5) the United States is paying both financially
5 and militarily for fossil fuel dependence, and the
6 transition to clean energy could improve the national
7 security of the United States; and

8 (6) Congress—

9 (A) understands the impact that climate
10 change has already had, and will continue to
11 have, on the national security of the United
12 States; and

13 (B) supports the multilateral efforts aim-
14 ing to find global and comprehensive solutions
15 to climate change challenges.
